**Chloe Wine Collection, Prosecco**

|             |                                  |
|-------------|----------------------------------|
| Type        | Wine - Sparkling - White         |
| Producer    | Chloe Wine Collection            |
| Region      | Veneto, Italy                    |
| Grape       | Glera                            |
| Appellation | Prosecco                         |
| Size        | 750 mL x 12                      |
| SKU         | 7595                             |
| Distributor | Horizon Beverage of Rhode Island |

Chloe Prosecco is bursting with fresh fruit flavors and fine bubbles with notes of peach, green apple, citrus and floral. Opulent yet balanced, with elegant acidity, this refreshing bubbly offers a crisp finish with a hint of minerality, revealing the proximity to the mountains and calcareous soils where the grapes are grown. This Prosecco is "extra dry," so it has a touch of sweetness. It has flowery and fruity flavorings and aromas. A delicious palate that is well-balanced with good acidity. There aren't many foods Prosecco doesn't go with. It is ideal as an aperitif and with cheese, nuts, seafood, fried chicken, popcorn, chips, spicy Asian food, caviar and cake. Chloe wines offer the structure and depth of exceptional fruit sourced from the world's preeminent growing regions to create elegant wines with sophisticated intensity. Named after the ancient word meaning "blooming," Chloe wines are radiant and burgeoning with beautiful aromas and luxurious flavors. Made for wine enthusiasts who appreciate all things extraordinary and timeless, the Chloe Wine Collection is crafted to inspire your own memorable occasions.

**Tolloy, Pinot Grigio (2017)**

|             |                                  |
|-------------|----------------------------------|
| Type        | Wine - Still - White             |
| Producer    | Tolloy                           |

| Distributor | Horizon Beverage of Rhode Island |

Cradled by the Adige River and the Italian Alps, Salorno is an exceptional microclimate of unparalleled richness. The presence of the Alps protects the region from the cold winds originating in the North and the Mediterranean influence coming off Garda Lake in the South grant conditions ripe for cultivating extraordinary wine varietals.

Salorno has been the converging point of cultures from the North and South since the 18th century. Tolloy's modern philosophy is borne out of this region's dynamic history. The international taste profile of Tolloy's single varietal wines is the ideal backdrop to showcase the singular characteristics that this microclimate lends to its wines. Tolloy's wines can be enjoyed on their own or with International cuisine. Cradled by the Adige River and the Italian Alps, Salorno is an exceptional microclimate of unparalleled richness. Bright ruby-red. Fresh and floral, featuring blackberry, raspberry and violets. Dense, thick with a noticeable mineral frame. Old World acidity with silky tannins and a lengthy finish. Since the time it was founded, the wine cellar has pursued a path strongly marked by its philosophy and its vision of wine. Its Italian roots, given by Robert Cipresso himself, have been a pivotal contribution as an ideological foundation, which has been strengthened by team thinking, experience and oenological results.

Today, the cellar leaves an unmistakable seal on each one of its wines; this is a result of years of coherence, obsession and respect for nature.

## St. Francis, Cabernet Sauvignon Sonoma County (2016)

|             |                                  |
|-------------|----------------------------------|
| Type        | Wine - Still - Red               |
| Producer    | St. Francis                      |
| Region      | California, United States        |
| Grape       | Cabernet Sauvignon               |
| Size        | 750 mL x 12                      |
| SKU         | 37205                            |
| Distributor | Horizon Beverage of Rhode Island |

The grapes for the Sonoma County Cabernet Sauvignon originate from four different appellations within Sonoma County. These carefully selected vineyards contribute individual qualities to the finished wine. For this thick-skinned and late-ripening variety, harvest often occurs from late October through November. All grapes are hand harvested, gently destemmed and crushed, then undergo fermentation separately by variety in temperature-controlled tanks. After both primary and malolactic fermentation are complete, the wines are each racked to their own barrel lot. Then the blend is made and the wine matures in bottle prior to release.

### TASTING NOTE

Classic aromas and flavors of ripe black currant, spicy tobacco and cedar are accompanied by full body and firm structure.

### FOOD PAIRING

An excellent companion to aged blue cheese, beef, roast pork and venison.

### POINTS OF DISTINCTION

A rich, full-bodied California Cabernet

Matured for 18 months in oak barrels for a complex flavor

St. Francis Winery has created hand-crafted wines from Sonoma County's best appellations for more than 30 years.

A pioneer in helping to define the vineyards and grape varieties Sonoma is known for today; first to plant Merlot in Sonoma Valley

A regional leader in green practices, including initiatives in recycled packaging and water and energy conservation

Owners of over 415 acres of vineyard land in prime AVAs including Sonoma and Russian River Valleys

Fruit-forward, luscious and well-balanced wines made from 100% handpicked fruit

St. Francis wines are food-friendly and ready to drink

### THE FOUNDING

In 1971, businessman Joe Martin and his wife, Emma, purchased a 100-acre vineyard known as Behler Ranch in the Sonoma Valley town of Kenwood. The fruit from this vineyard was sold to area wineries until 1979, when a winery was built to produce estate-bottled wine. St. Francis Winery was named after St. Francis of Assisi, patron saint of animals and protector of the natural world.

### DEFINING SONOMA

At the time when St. Francis Winery was beginning to bottle its own wine, there were only a handful of wineries in Sonoma and the region was searching for an identity. The arrival of winemaker Tom Mackey in 1983 was the beginning of important growth at St. Francis and in Sonoma, as he and St. Francis helped to pioneer a Sonoma Valley style and pinpoint the varieties that were ideally suited to Sonoma soils. St. Francis was the first in the region to plant and bottle Merlot, and soon introduced Cabernet Sauvignon and Zinfandel wines to the portfolio. The winery's first "Old Vines" Zinfandel was released in 1989, establishing one of its star varietal offerings and contributing to Sonoma County's growing reputation for top-quality Zinfandel. Today, a team of winemakers, including Christopher Louton and Katie Madigan, play an integral role in continuing St. Francis' success.
